

<b>Post title:</b>	Electrician
<b>Grade:</b>	E-I-JK (career graded)
<b>Responsible to:</b>	Team Leader
<b>Staff managed:</b>	Manages a team of staff across different locations at Grade JK
<b>Directorate:</b>	Community Development
<b>Service:</b>	Homes and Places
<b>Job family:</b>	<b>OS - Operational Support</b>
<b>Date of issue:</b>	November 2023

### Job context

The Homes and Places Housing Maintenance teams are responsible for ensuring the Council's social housing portfolio of circa 8,000 dwellings is maintained to meet all current regulatory and legislative standards.

Locality based operational teams focus on the following work programmes:

1. Repairs Team – responsible for responsive repairs and maintenance, including out of hours call out for emergencies.
2. Improvement Team – responsible for void refurbishments and adaptations.
3. Construction Team – responsible for new construction and major refurbishment projects.

As an Electrician you will be allocated work within one of the above teams and will be monitored by a Team Leader for that team as required.

You will take responsibility for own area of work, ensuring behavioural, quality and safety standards are adhered to.

As part of your employment, you may be required to work in a different team or location to enable the service to meet its targets.

The postholder will be expected to undertake professional, mandatory and skills-based training to develop knowledge, skills, behaviour and expertise.

The role involves spoken and written communication, so a confident use of the English language is required.

### Job Purpose:

**The core focus of this post is to carry out essential maintenance, refurbishment or construction works on social housing stock to ensure they meet the Decent Housing Standards**

### Operational management:

Entry Level, **Grade E Apprentice/Trainee Electrician**, the postholder will be required to carry out and successfully complete a NVQ Level 2 & 3 in Electrical Installations and 18<sup>th</sup> Edition Electrical Wiring Regulations

- Assist trained operatives in carrying out domestic electrical repairs
- Assist in the recording and monitoring of supplied equipment as necessary

- Work to expected Health & Safety standards and safe systems of work
- Undertake professional, mandatory and skills-based training.

On satisfactory completion the postholders core responsibilities will be:

- To carry out maintenance and repair electrical work as per work orders or specification.
- Record and monitor supplied equipment as necessary
- Work to expected Health & Safety standards and safe systems of work
- Undertake professional, mandatory and skills-based training.

To progress to the next level, **Grade I Electrician**, the postholder should have successfully completed Level 3 Initial and Periodic Electrical Inspection and Testing (2391) or Level 3 Award in Initial Verification and Certification or Electrical Installations (2394) & Level 3 Periodic Inspection, Testing and Certification of Electrical Installations (2395) (or equivalent), gained a satisfactory appraisal and assessment against the Council's behaviours framework. The core responsibilities for an Electrician will be:

- To respond to tenants requests for repairs, diagnosing faults and completing necessary works to ensure regulatory standards are maintained, as per work orders or specification.
- To carry out electrical installation work and complete EICR's
- To carry out period inspections and resulting remedial works from minor repairs to full rewires
- To carry out maintenance and repair work for the secondary trade in which you are trained
- Carry out repairs on communal lighting
- Record and monitor supplied equipment as necessary
- Work to expected Health & Safety standards and safe systems of work
- Undertake professional, mandatory and skills-based training.

At this grade further specialist training may be required to meet the service needs.

On the satisfactory completion of internal Customer Service, IT and HR related courses, Housing Health and Safety Rating System (HHSRS) Training, IOSH Managing Safety & ILM 4, satisfactory appraisal and assessment against the Councils behaviours framework, and consistently demonstrating quality workmanship the postholder may progress to **Grade JK Mentor Electrician** where the core responsibilities will be:

- To provide mentoring to electrician colleagues as required
- To act as the registered Qualified Supervisor for the NICEIC scheme
- To ensure the apprentice fully experiences the range of tasks required to pass their qualification
- To provide required feedback in line with apprentice's training
- To audit van stock and carry out van checks on a regular basis
- To ensure work is carried out to expected Health & Safety standards and safe systems of work

- Undertake professional, mandatory and skills-based training.

The role(s) will come with a Council vehicle, the postholder will be responsible for carrying out routine vehicle safety checks as required and must ensure compliance with requirements relating to vehicle use and maintenance.

**Resource management:**

At entry level and above:

- Abide by the Councils policies associated with fleet vehicles
  - Carry out routine safety checks as required and report any defects promptly
  - Ensure vehicle and contents are kept clean and tidy
  - Drive the vehicle to maximise fuel economy, minimise wear and tear and provide safe regard to other road users
- Liaise with and assist all service colleagues to ensure the efficient and effective co-ordination of all maintenance works.
- Maintain and ensure all tools / supplied equipment are in good working order with all necessary safety checks undertaken, completing all necessary records.
- Comply with the Councils purchasing rules and responsible for allocated van stock, effective stock management and stock-taking

At mid-level and above

- Manage own workload under the guidance of the Team Leader where needed
- Responsible for training of apprentices and other employees, where appropriate
- Responsible for signing off work and completing necessary and legal paperwork such as Electrical Installation Condition Reports

At Mentor Level:

- Responsible for supervision and training of apprentices and other employees to ensure they are competent where appropriate
- Carry out the duties of Qualified Supervisor on the NICEIC Scheme, responsible for overseeing 10% of all electrical works carried out and ensuring results of the verification process are accurately recorded on the appropriate certificates or inspection reports
- Comply with the Councils purchasing rules and responsible for allocated van stock, effective stock management and stock-taking

**Partnerships:**

At Entry and above

- Responsible for liaison with internal staff, tenants and merchants

At mid-level and above

- Liaison with Team Leaders, client officers, consultants and contractors

At Mentor level

- working in conjunction with course tutors for all levels
- providing regular feedback to joiners at all levels as required
- Liaising with Building Control as needed

**Communications:**

At all levels:

- Able to work with and communicate effectively with customers, colleagues, contractors and suppliers.
